

1 Delegate Clagett has said, he reluctantly spoke in opposi-
2 tion to Delegate Macdonald's motion, and also reluctantly
3 I speak in opposition to Senator James' amendment, for
4 the reasons Mr. Boileau has set forth, but I see here
5 he has made an excellent attempt to actually perform the
6 same thing in less words and to style it up better.
7 And perhaps some of this will be done in styling in the
8 future, if there are problems here. But we feel that this
9 compromise we have drawn between the counties and the muni-
10 cipalities is a legitimate one, and we hope that it will
11 carry.

12 Thank you.

13 THE CHAIRMAN: Delegate Carson.

14 DELEGATE CARSON: Mr. Chairman, I oppose, also,
15 regretfully in that Senator James has proposed this
16 amendment, and I have the highest respect for him. I think
17 the amendment has considerable merit, but I think we ought
18 to vote in favor of the committee's recommendation. And
19 I may add that perhaps of those who voted in the committee
20 for the powers of municipalities, I was as strong as any,
21 and I think this compromise strikes the right balance.
